MUET EXCELERATE WORKSHOP 1ST SERIES 2022

By Iziana Hani Ismail, Nur Anneliza Abd Latip, Uswatun Nurrahmah binti Noorhassanah, Queencie Dohny, & Mohd Affaddil Izmi bin Roslan

The PPST's annual English workshop has gone even bigger this year with the organisation of the 10th edition of the MUET Excelerate Workshop on the 5th and 12th March 2022.

A total of 326 students of Science and Information Technology Foundation Programs and 12 participants attended a two-day MUET Excelerate Workshop organised by Preparatory Centre for Science and Technology, Universiti Malaysia Sabah (UMS) to help them excel in the MUET examination papers.

The Centre's English Coordinator, Nur Anneliza Abd Latip carried out the workshop focusing on giving a comprehensive guide to approach the exam papers through interactive and engaging group activities.

With Malaysian University English Test (MUET) just around the corner, the workshop was also the students' final sprint towards the big exam.

PARTICIPANT S' FEEDBACK

TESTIMONIAL

I think the MUET workshop really helped to refresh the knowledge and skills of the students in English proficiency.

—Denasia Tunai,
Participant

TESTIMONIAL

I appreciated the participation aspect of the workshop where students could volunteer to share their answers or read out loud. This made for a very immersive experience, as opposed to a bland and boring one.

— Yong Li Xuan
Participant

TESTIMONIAL

When the teacher highlighted certain words or content points that can cost us marks, we make sure to note all of them for revision

—Jenthrycsia Erica Saibun
Participant

PPST STUDENTS

The speaking workshop is really interesting as we learn a lot of proverbs and the linkers which we can use it in our writing as well.

— Nur Alia Humaira' binti Mat Ali
Science Foundation

The most useful aspect of the workshop in my opinion is when the speaker presents their screen and used visual aid to help students understand the topics better

— Mohammed Tona Ilhan
Science Foundation

The way the speakers communicate with students making the workshop extra fun!

— Nur Ameera Balqis,
Foundation in IT

The most interesting part of the workshop is when we did the exercise and when the speaker thought us some techniques to do well for the reading, listening, writing and speaking test!

— Pek Chin Yau
