UNIVERSITI 4.0
INDUSTRI

SOME HIGHLIGHTS FROM THE WEBINAR

- A course syllabus is a formal mechanism for sharing information with students regarding the course.
- A course syllabus is not the same with a course information (or Table 4) as it serve different purposes.
- Syllabi functions as tools for effective course planning and delivery. It also helps to promote students' course learning outcomes.
- Syllabi contents include contact information, course description, course delivery methods & materials, CLOs, assessment methods, course schedule & activities, course policies and other relevant information.
