**WEBINAR KECEMERLANGAN AKADEMIK (SIRI 2)**

SOME HIGHLIGHTS FROM THE WEBINAR

- SULAM is a learning method focused towards providing students the opportunity to contribute knowledge, skills and competencies in their field towards solving problems or issues within communities.
- SULAM is a structured service activity and not a community service.
- SULAM has potential to transform teaching and learning in IHLs and help future generation to develop social responsibility and an ethic of service.
- At least 20 hours of SULAM engagement activities is required to effectively serve the community.
- Implementation of SULAM involves adjustment to Table-4 which needs to be aligned with CLO.
