

# HOW TO INSERT DUVET INTO DUVET CASE

8 step to insert duvet into the duvet case using the easy method

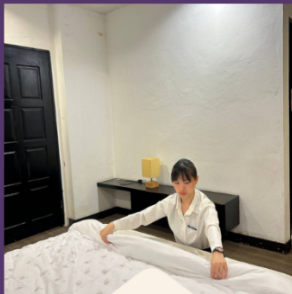

1. Prepare duvet and duvet cover and flip it inside out

2. put the duvet on top of the duvet case and the duvet case button must face top since it inside out

3. tie all the corners properly just in case the duvet move around while rolling

4. start rolling from bottom till the top and make sure roll it properly and small for easy to do the magic trick on the next step

5. after done rolling, take the opening of the duvet cover and stuff the insert inside and turning it inside out.

6. inverting the duvet cover opening around the end

7. after done opening the duvet, can buttons up the duvet opening and unroll the duvet carefully

8. last but not least, tidy it up and make sure no wrinkles appear on the duvet cover and bed. It's done
