An underwater photograph showing sunlight rays filtering through the water, creating a shimmering effect. The water is a deep teal color, and the light rays are visible as bright, branching patterns. The overall scene is serene and aquatic.

UMS AQUARIUM

A photograph of a sunset over a body of water. The sun is a bright, glowing orb in the upper center, partially obscured by dark, heavy clouds. The sky is filled with layers of clouds, some catching the low light of the sun, creating a mix of orange, yellow, and grey tones. The sun's reflection is a shimmering path of light on the water's surface. The water is dark with small, choppy waves. In the distance, a dark silhouette of a coastline or mountains is visible against the horizon. The text 'O.D.E.C' is written in large, white, bold, sans-serif capital letters across the middle of the image. Below it, the word 'BEACH' is written in smaller, black, bold, sans-serif capital letters.

BEACH

Outdoor Development Centre (ODEC)

Perfect
beach for
everyone

If you seek both beach and privacy, this is the place you are looking for. The visitors mostly among student who'd take a chances to release their stress with friends.

Odec beach is the landmark of Universiti Malaysia Sabah have a place for an outdoor activity to be held such as picnic, beach sport or retreat programme.

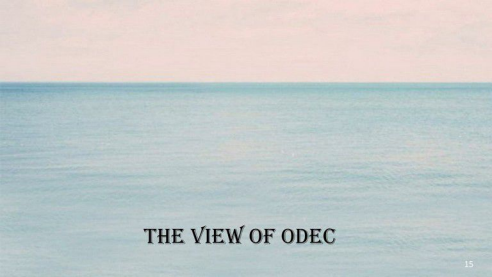

The beach is divide into three zone A, B, C and the maximum capacity is 300.

The colours at ODEC is very impressive as you can see the greens, the turquoise and blue water. *The beach has whitish brown fine sands with beautiful seashells.*

The view is so pretty and sometimes people come for fishing and collecting seashells. The whole beach is just calming. You also be able to watch a quite magnificent sunset there. *No wonder a lot of people coming during sunset to capture the beautiful scenery.* It was such a great place to do camping or events.
