UNIVERSITI MALAYSIA SABAH

Transforming Ideas into Reality

## #VISIT UMS: UNIQUELY BEAUTIFUL

*WELCOME TO  
UNIVERSITI MALAYSIA SABAH*

*UNIQUELY BEAUTIFUL*

**Bambangan, a local delicacy among Sabahans and is considered the heart to Kadazan dishes. By being naturally sour, some might find it bizzare with its unfamiliar taste and texture. This was to introduce local produce to tourists and also to promote cuisine uniqueness.**

**For anyone who taste this for the first time, you might be shocked by its sourness.**

*BAMBANGAN TASTING*

**Two tourist from China in the midst of tasting a local dish, which is bambangan.**

## *BEAUTY OF DIVERSIFIED CULTURE*

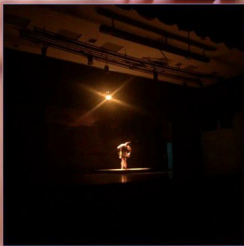

**Candid shots of  
random smiling  
students with  
different cultural  
background  
captured**

*Performances by  
3rd year students of  
Creative Arts*

## Bits and Pieces of Diversified Culture

### **The Wishing Tree**

**In conjunction with the Pesta Tanglung held on 15th October, The Wishing Tree was prepared as to celebrate the love a couple once had back in China. It was believed that the wishes were made by the husband to express his love for his wife. With this, visitors with different background wrote their wishes and tied them down on The Wishing Tree.**

# *UMS Lantern Festival* *2016*

UMS has established the EcoCampus Management Centre in February 2013 as a platform for the university to provide a framework that is to be implemented, enforced, monitored, assessed and reviewed based on the key elements of the EcoCampus Transformation Plan. The very core of the EcoCampus values are:

- Sustainable Development
- Ecological Protection
- Environmental Compatibility
- Resource Conservation,
- Environmental Stewardship.
